

ROSECRANS

CORRIDOR MOBILITY STUDY

**Please join us at the
next community workshop**

**Wednesday, September 16th
6:00 to 8:00 p.m.**

**NTC Promenade Event Center
2875 Dewey Road
San Diego, CA 92106**

Please join us for the second of three community workshops for the Rosecrans Corridor Mobility Study. The first workshop and walk audits in July and August have provided us with great input into the development of the Mobility Study alternatives. At this upcoming workshop, the Project Team will present the alternatives under consideration. You will have an opportunity to learn about the alternatives and provide your thoughts and ideas on how to further improve the corridor.

- See the alternatives being proposed
- Review the benefits and challenges
- Ask questions of the Project Team
- Provide your input and ideas with the Project Team, other residents, business owners, and stakeholders in the community

**Please join us on September 16th to learn about the alternatives
and share your thoughts!**

On behalf of the City of San Diego, we look forward to your participation at this upcoming workshop. If you would like additional information about the project, please visit the project website at <http://www.sandiego.gov/engineering-cip/rosecransstudy/> or contact Dawn Wilson with RBF Consulting at (760)476-9193.
